

Tustin Estate, Ilderton Road SE16

Structural Watereproofing and Play Area

Details

Client
London Borough of Southwark

Project value
£950,000

Duration
20 weeks

Contractor
Standage & Co. Ltd

Structural Waterproofing, Landscaping & Play Area.

Blakeney Leigh were retained by London Borough of Southwark to manage the refurbishment of the paved podium deck at Tustin Estate and provide an improved area for the residents. Blakeney Leigh introduced the concept of a grass podium with inset walkways and bench zones for the residents, whilst including the renewal of the playground facilities. The existing Podium sits over garages with ground floor entrances to the 3 towers and a waterproof solution was required. In addition the existing drainage below the podium was defective and replacement of these elements was included within the scheme.

Works included:-

- Membrane renewal with 30 year guarantee
- Hard and soft landscaping
- Playground design in conjunction with local user groups
- Below podium drainage repair and renewal
